Education

Bachelor of Computer Science and Engineering

Bangladesh University of Professionals (BUP) ⓘ

- CGPA: 3.85 / 4.00 (up to 5th semester)

Jan 2024 – Dec 2027 (Expected)

Dhaka, Bangladesh

Higher Secondary Certificate (HSC)

Notre Dame College ⓘ

- GPA: 5.00 / 5.00 Group: Science

2021 – 2023

Dhaka, Bangladesh

Secondary School Certificate (SSC)

Jhikargacha B.M. Secondary School ⓘ

- GPA: 5.00 / 5.00 Group: Science

2019 – 2021

Jashore, Bangladesh

Technical Skills

Languages	Html ,C, C++, Java, Python
Frameworks	React.js, Node.js, JavaScript, CSS, Java Swing
Tools & Platforms	Git, Github, Code Blocks, VS Code, IntelliJ IDEA, Linux, MySQL

Projects

Hospital Management System | [Source](#)

Java Swing / MySQL

- Designed and implemented a Hospital Management System in Java to streamline patient records, appointments, billing, and administrative operations.

WiFi Management System | [Source](#)

Java FX / MySQL

- Developed a WiFi Management System to manage customers, internet plans, connection requests, and administrative operations through a centralized database.

Dhaka City Navigation System | [Source](#)

Java / Dijkstra's Algorithm

- Developed a graph-based navigation system using Dijkstra's algorithm to calculate and visualize the shortest routes between locations across Dhaka City.

Turing Machine | [Source](#)

Java Swing / MySQL / JDK

- Built a Java-based Turing Simulation application to visually understand how turing machine works.

Line Following Robot | [Source](#)

C / Arduino / Sensors

- Developed a Line Following Robot (LFR) using sensors and a microcontroller to autonomously detect and follow a predefined path.

Browser Shortcut Manager | [Source](#)

Html / CSS / JavaScript

- Developed a cloud-based academic resource portal using HTML, CSS, JavaScript, and Firebase for organizing and managing study resources with drag-and-drop functionality

AI Fake News Detection (Ongoing) | [Source](#)

Python / FastAPI / React.js / Node.js

- An AI-powered system that uses machine learning and NLP to detect fake news and assess the credibility of online news articles.

Achievements & Certifications

Inter-University Programming Contest (IUPC) *Oct 2024 – Present*

- Participated in competitive programming contests and solved algorithmic problems under time constraints.

Circuit Clash 1.0 Robo soccer | Participant | Organizer *October 2025*

- Participated in and helped organize a robotics competition, contributing to event coordination and technical activities.

Overview of AI | Participant *February 2025*

- Participated in AI-focused activities, gaining practical exposure to fundamental artificial intelligence concepts and applications.

Database Management and Excel Pivot Competition | BUP Career Club | Participant *2025*

- Participated in database management and Excel Pivot Table competitions, demonstrating data analysis and problem-solving skills.

Microsoft Excel Competition | Participant *2024*

- Participated in an Excel competition, demonstrating proficiency in data analysis, spreadsheet management, and problem-solving.

Co-curricular Activities

BUP Robotics Club | General Member *Jan 2025 – Present*

- Contributed to robotics activities and technical projects while developing practical skills in robotics and automation.

Notre Dame Information Technology Club | Executive Member *Mar 2022 – Dec 2023*

- Served as an Executive Member, contributing to technology-focused events, activities, and initiatives.

Bangladesh Scout | Division Head *2014 – 2021*

- Led a scout division, developing leadership, teamwork, discipline, and organizational skills through various activities.
